SUMMARY

BSc IT student with hands-on experience in data management, Microsoft Azure cloud services, web development, and Linux server administration. Completed Microsoft Elevate (AICTE) internship covering Azure infrastructure, cloud administration, and AI/ML fundamentals. Proficient in MS Office, data entry, HTML, CSS, JavaScript, Python, and Git. Fast learner with strong attention to detail and data accuracy — seeking data entry, back-office, or web development roles in banking and IT sectors.

EXPERIENCE

Microsoft Azure Intern

Jan 2026 - Feb 2026

Microsoft Elevate – AICTE Program

- Completed 85+ hours of structured training across Azure infrastructure, cloud administration & engineering, and AI/ML modules via Microsoft Elevate.
- Configured and deployed Azure services through hands-on labs; maintained accurate records of resource configurations and system documentation.

PROJECTS

MultiModule AI System [Live App](#) ↗

Designed and deployed a full-stack AI web application with a Python FastAPI REST backend and React + Vite frontend. Backend hosted on Render; frontend deployed on Vercel. Integrated multiple AI modules (text summarization, sentiment analysis, translation). Handled complete deployment including environment variables, CORS configuration, and API integration.
